

Mission

Mission: MAP Global exists to advance the Kingdom of God by resourcing God’s servants to carry out their unique calling to fulfill the Great Commission and as God empowers them. Our goal is to mobilize ministry and declare the Kingdom of God.

Vision

Vision: To support missionaries and ministry leaders by empowering and equipping them to fulfill their unique ministry calling by providing personal, spiritual and logistical support.

Values

Values: Worshipping Creator God by honoring the apex of His creation – human beings – as they fulfill His purpose – their unique calling, advancing God’s Kingdom on Earth.

History and Purpose: While serving in China, MAP founder Dustin Price realized that the traditional model of missions – a top-down approach where the sending organization cast the vision and missionaries worked to fulfill that vision – was not effective for all ministries and ministers. He envisioned an organization that worked with missionaries and their local churches to mobilize and empower them to move in their individual callings.
